

Kiddie Academy of Briarcliff Manor

Core Values & Commitment

At Kiddie Academy of Briarcliff Manor, we Commit to being a community that *nurtures, educates and inspires children for the future!* Each day, our core values guide us in the actions we take. More specifically, they capture the reasons we strive to do better than the day before. We all need a 'why' to enrich our professional and personal lives, and help us understand how we're making a lasting impact on our community. Specifically, our Core Values are:

Integrity: Character begins here, by doing what's right over what's easy.

Relationships: We nurture and build our entire community (families & team) through the relationships we build. This means we care deeply about everyone we engage, and we help everyone envision how they belong here.

Responsibility: We know how it feels to place our children in the hands of a caregiver for the first time. We have a responsibility to put our best selves and greatest efforts out into the world everyday.

Curiosity: We cultivate curiosity in children every day. Each day is another opportunity to discover, adapt, and constantly improve.

Passion: The innovation and delivery of Early Childhood Education is too essential to do half way. Passion is what drives and inspires us.

Impact: In everything we do, we aim to build a strong foundation and leave a lasting impression. We seek opportunities in both the big decisions and the small moments to create an impact that can reverberate for generations.
