

Junior Kindergarten

We're now enrolling for Junior Kindergarten at Kiddie Academy of Chesterfield. This proven, all-day program offers a kindergarten curriculum adapted for a younger age group to help your little learner have a successful kindergarten transition.

Chromebook For Each Student

School districts in St. Louis County begin using Chromebooks in Kindergarten. Learning to work with technology is as important as holding a pencil. We give students an early start.

Accredited School

We are among only 10% of preschools in Missouri to have earned NAEYC accreditation by meeting a set of more than 400 stringent academic, social, and quality standards.

Degreed Teachers

Our teachers are extraordinary; more than 50% of our team have earned an advanced degree. They bring our curriculum to life.

The Premier Junior Kindergarten Program in St. Louis

- Designed for 4-year-olds & 5-year-olds with late birthdays.
- Enrichments are included in tuition and include Music, Chess Academy, Cooking Academy, and Soccer Shots.

Parents of Junior Kindergarten Graduates Say:

“

The JK program at Kiddie Academy of Chesterfield gave our son the head start he needed to thrive in kindergarten and beyond. He gained confidence, developed socially and academically, and started kindergarten ready to succeed. We're so grateful for the caring teachers and the strong foundation the program provided.

”

“

We always knew KAC was special, but I will never forget walking out of my oldest's Kindergarten Assessment and having the teacher stop to ask where he went to school because she had never seen a kiddo so well prepared. From building confidence and independence to laying the foundation with both academic and social skills, the JK program at Kiddie Academy of Chesterfield does it all! We're so grateful for our experience, and we're already looking forward to enrolling our youngest child in the future.

”
