April 13-17, 2026
The Week of the Young Child™ is an annual celebration sponsored by the National Association for the Education of Young Children (NAEYC). The purpose of the Week of the Young Child™ is to focus public attention on the needs of young children and their families and to recognize the early childhood programs and services that meet those needs. We also partner with St. Jude Children's Research Hospital for our annual Trike-a-thon to raise fund for children in need.
